Shock Cover

Snap-On · 11 in Long · Ti22 Logo · Molded · Plastic · Black · Big OD Body Shocks

PART NUMBER
TIP8312
View on PriceGuidePro ›

OVERVIEW

Shock covers keep rocks and debris off the shock body, protecting the finish and more importantly the shaft and seal. A nicked shaft tears its seal and the shock loses damping. Snap-on plastic covers install in seconds and come off just as fast for servicing.

Small and large body versions match the shocks being run.

Our shock covers have fit every shock we've tried them on and will add life to your shocks by keeping the shock body safe from rocks and debris. Easy snap-on installation. Available for small or large-body shocks.

Sold each.
